Following are mottoes from various sources. Most are in Latin, but several are in other languages. If the motto is not in English, the English translation for it is listed below the motto.

Alternate spellings and translations are in parenthesis.

**Note 1:** This is merely a listing; no research has yet been put into determining the time frame for these mottoes. Some are period, some are post-1600 and several are very modern.

**Note 2:** These are not my translations. They are the translations from the sources in which they were found.

To give knowledge of the sea
Knowledge, Skills and Service
We irradiate the earth with knowledge
I know that you are very troublesome
He who feared he would not succeed sat still
I have devoted myself to honor
Always thinking
Always the same
Always faithful
Always Heraldry (Heraldry Forever)
I am always in the excrement, only the depth varies
Always required in writing
Always get it in writing
Always prepared
Always wear underwear on your head
The Senate and the Roman people
Follow me
He follows his father with unequal steps
Late but in earnest
If God is for us, who can be against us?
If it isn't broke, don't fix it
If you can read this sign, you can get a good job in the fast-paced, high-paying world of Latin!
If you can read this, you're over-educated
If you can’t heal it, kill it
If you want to be loved, love!
If you wish for peace, prepare for war
That's the way the cookie crumbles
Everyone is doing it
Such is the pathway to the stars
Thus always to tyrants
Thus passes the glory of the world
Victory or Defeat rests in God's hands; over Honor, we ourselves are Lord and Master.
Without which nothing
If I wander, lead me back to [NAME]
May the earth rest lightly upon you
Triumphing at last
Believe you have it and you have it
As still as water
Sun of righteousness shine upon us
The heron soars (stands) alone
Dreams are the seedlings of reality
Dream as if you’ll live forever. Live as if you’ll die today.
Honk if you speak Latin
Let us be judged by our actions
Hope restored
I hope we’ll still be friends

We are a flock of sheep. Sheep with teeth.

We who are about to die salute you
Pretty please with a cherry on top!
While others debate why a thing is, I have done the thing
Time flies
Time flies whether you’re having fun or not
Time reveals all things
Aiming to achieve
I will hold
The way must be tried
There are no bounds
We saturate the earth with silliness
Thank you for not smoking
Ignorance is the cause of fear
I fear the Greeks even bearing gifts
Endure to the end
Loyalty and service
Cheers, to your health
You alone please me
Where's the beef?
Where honey is, there are the bees.
Wherever you go, there you are
Everywhere
Unique and Singular
One miracle at a time
Party continually into the future (Party On!)
I will try all the time
As bees, geometry
They stand as an example to us all
Loyal she began and loyal she remains
I will prosper by the palm of my hand
As you sow so will you reap
As if?
May barbarians invade your personal space!
May faulty logic undermine your entire philosophy!
For the grape to continue living, it ripens
Stupid cow
Go in peace
Damn!
Oh! Was I speaking Latin again? Silly me. Sometimes it just sort of slips out
A good name is rather to be chosen than great riches
Go For It!
As a tree in the passage of time
Come on, come on, do the Locomotion with me
I came, I saw, I got scared, I ran!
I came, I saw, I conquered
I came, I saw, I ate vegetarian!
I came, I saw, I did a little shopping
I came, I saw, I want to go home
Go with the flow
A word to the wise suffices
Truth
Truth and liberty
Truth and usefulness
Truth never dies
The truth will set you free
Time discloses the truth
Eat my shorts
Clothes make the man
One way
It seemed to be a good idea at the time
Seen any good movies lately?
Eternal vigilance is the price of liberty
To hunt, to swim, to play, to grin: this is to live
Truth conquers imitation
Truth conquers all
Truth prevails
Lay restraint on thy tongue or thy tongue will lay it on thee

Warrior-Women from Hell
Courage gains strength from a wound
By united efforts
By virtue and valor I shine, but do not burn
By valor and arms
Do you want to dance? I know the Funky Broadway
Life without books is death
You live your life with too much seriousness  (You are taking life too serious)
Fortune rules our lives, not wisdom
May the King live
Live, be valuable
Living Well is the Best Revenge
Flying, I despise reptiles
Devoted to pure pleasure
Satisfaction!
The spoken word vanishes, the written word remains
Voice of Calontir
A voice crying in the wilderness

Calontir Army: Latin Lessons

It can get boring holding up a shield wall during a war. And there’s really no reason to let good time go to waste. So to provide an opportunity for advancing one’s education while war wages around them, Calontir has begun giving Latin lessons during the fighting. Our thanks go to Master Andrixos to providing these lessons for us. So…repeat after Drix:
